

Information for Colorado Prescribers of Prescription Drugs

TIVDAK® (tisotumab vedotin - tftv) intravenous injection

The information contained in this notice is being provided to Colorado prescribers pursuant to Colorado law. This document contains the wholesale acquisition cost (“WAC”) of a prescription drug marketed by Seagen in Colorado.

The price listed below is a WAC price, which represents Seagen published list price for the product sold to wholesalers. Please note that the WAC price listed below may differ significantly from actual prices paid by customers and consumers. In addition, a product’s WAC is typically not associated with per-dose pricing.

Prescription Drug Cost Education: WAC of Seagen Marketed Product
