

Vermont Pharmaceutical Marketer Price Disclosure

We adhere to the Vermont Pharmaceutical Marketer Price Disclosure Law (18 V.S.A. Section 4633). Below is certain required pricing information to individuals authorized to prescribe prescription drugs that Seagen markets in pill form that are not distributed in unit dose packages in Vermont, as well as disclosing pricing information for other prescription drugs in the same therapeutic class. The listing of other products in the disclosure forms is not intended to imply that such other products are interchangeable with the marketed product or have the same efficacy or safety. Please refer to each product's FDA-approved prescribing information for such determinations.
